## Learn to Surf: an introduction to living more mindfully

Do you dwell on the past and worry about the future? Have you ever noticed when you are doing familiar and repetitive things, like eating or driving, that your mind is often elsewhere thinking about something else? Do you find yourself getting swept away by the waves of life? If so, this workshop could be for you!

'Learn to Surf' provides a basic introduction to mindfulness in a practical and fun way. Mindfulness is about finding ourselves grounded in the moment and gently noticing what is here: thoughts, feelings, sights, smells, sounds, and taste. This skill allows us to consider the whole of our experience, without judging or excluding anything. There are many benefits of regularly practicing mindfulness including, less anxiety and emotional reactivity, as well as greater awareness, acceptance, and ability to tolerate change.
